

**Extremely solid  
low cost surface  
plate stand**

Extremely solid low cost surface plate stand. Construction is determined on the basis of the Bessel points and has an optional slide protection and chest of drawers. Working height is depending on the surface plate thickness. The standard models and the models with the optional chest of drawers for surface plates equal to or larger than 1000x1000 mm bear the load at the Bessel points.

Item no.	For granite surface plates dimensions $L \times W \times T$ /mm	Height incl. surface plate		Item no.	For granite surface plates dimensions $L \times W \times T$ /mm
